MiB and Gantz Waiting Room are looking for a Japanese->English translator willing to work on Desert Punk.

Translator we have will only be able to translate up to volume 13 so volumes 14, 15 and 16 will remain untranslated unless there's someone willing to help. We have editors and raw files but we lack the most important person in a scanlation team, i.e. a translator.

You can contact us by using the links above.

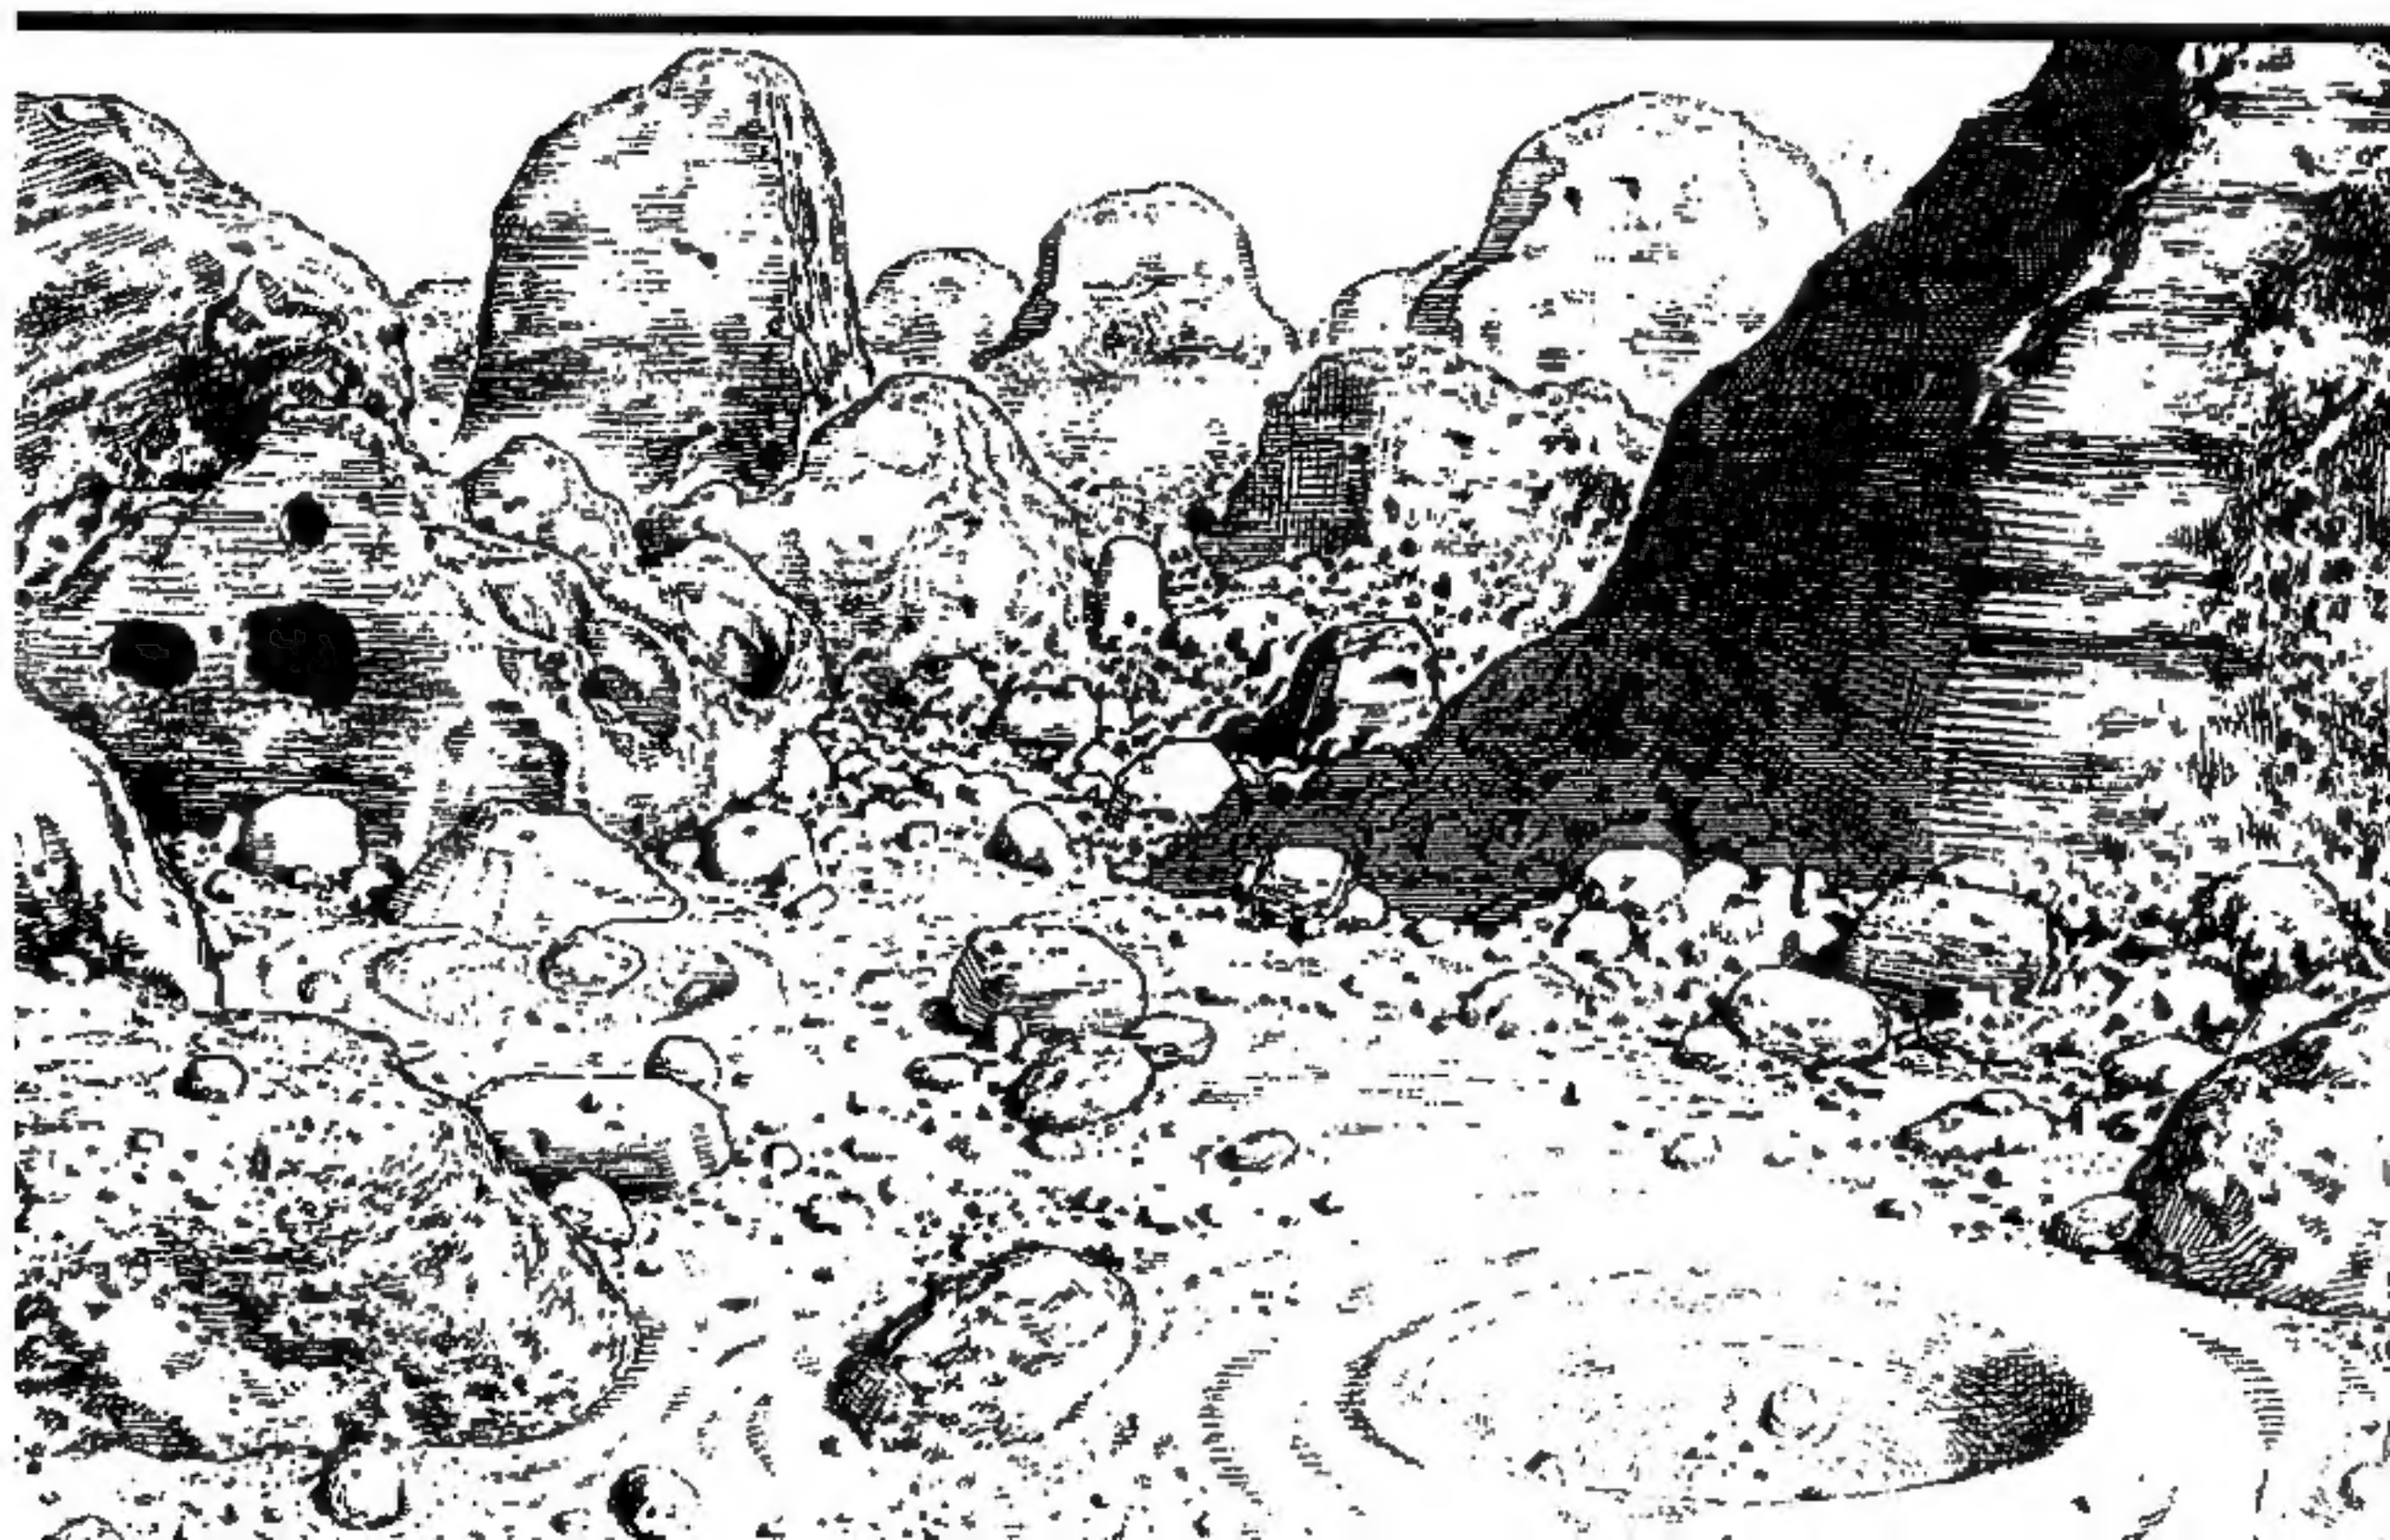
SUNABO-ZU CONTENTS

— STORY 物語 —

Pursued by robot soldiers working for the government, Sunabozu and Kosuna finds themselves in a bad situation. Nonetheless, they manage to draw them off, against all odds. Kosuna is frightened by the turn of events, Sunabozu going as far as sacrificing one of his benefactors, the maker of his winch.
From this point, Sunabozu quit working as a mercenary and uses Kosuna and Mitsuru as straw-men. He's going to play a nasty role in the struggle for power.
One day, a fire broke out in the research center of Koizuka, the leader of those opposing the government. Natsuko and her brothers hurry to rescue Sunabozu. But they end up surrounded by robot soldiers, led by the very same Sunabozu! This one betrayed his friends by joining Ootaki's clan, out of interest. Natsuko then watches out for any opportunity to escape them. As for Kosuna, she's facing a dilemma. Bewildered, she finally decides to bid farewell to her master in order to continue to progress on her own.



In a critical moment, Kosuna leaves her master and affirms her independence. Is she making the right decision? Tomorrow, on which side will she be?
